Dear Professors Langton and Calma

I am writing on behalf of the Empowered Communities national leaders to provide the Empowered Communities submission to the Indigenous Voice co-design process. Empowered Communities is now 10 regions across the country in urban, regional and remote locations. The attached submission represents our collective views from across those regions on issues raised in the interim report.

We are pleased to have had the opportunity to contribute to this important work through our submission and congratulate you on the comprehensive Interim Report produced by the co-design groups.

We would be happy to engage with you in relation to our submission as the co-design work further progresses.

Yours sincerely
